► **Who Should Attend**

- Insurance Agents & Producers
- Agency Customer Service Representatives

► **What You Will Learn**

These seminars provide a series of building blocks which address not only the most basic flood insurance issues, but some more advanced components as well. At the conclusion of both seminars, attendees with little or no prior NFIP experience will understand how to build a flood insurance policy from the ground up.

More experienced attendees will develop an even better understanding of the Standard Flood Insurance Policy’s major coverage areas; FEMA’s elevation certificate; Increased Cost of Compliance coverage; and much more.
